

Exhibitor Guide

3-5 NOV. 2026

Paris - Porte de Versailles

RX France

Welcome!

The Exhibitor Guide lets you quickly find the information you need!

You'll find all the information required to
prepare your time at **EXPOPROTECTION**

This guide has 3 parts:

- General information you'll need to read and steps to become an exhibitor.
- All the forms to read and/or complete.
- Information about preparing your stand.

Before you begin, make sure that:

1. The location you have reserved meets your needs (water hookup hatches, surface area, etc.).
2. You have received your username and password for your online Exhibitor Portal by e-mail: no-reply@rxglobal.com Remember to check your spam!

You haven't received your login details?

Contact our customer service: [helpdesk Form \(expoprotection.com\)](#)

We're looking forward to seeing you very soon!

How to get on the site

Access

By vehicle:

PARC: 1, place de la Porte de Versailles, Paris

Parking 1: 2 rue d'Oradour-sur-Glane, 75015 Paris

Public transport:

- **SUBWAY:** line 12, Porte de Versailles station - exit 2
- **TRAMWAY:** T2 and T3a, Porte de Versailles - Parc des Expositions station
- **BUS:** line 80, Porte de Versailles - Parc des Expositions station and line 39, Desnouettes station
- **BICYCLE:** Vélib' station on avenue Ernest Renan

PLEASE NOTE: We will not be controlling access to the site during setup and takedown. Therefore, please keep an eye on your equipment and goods.

**Location: Exhibitions Centre
Paris Porte de Versailles**

1, place de la Porte de Versailles
75015 PARIS

Pavilion 1

Important

You will only be able to access your stand once you have paid RX France in full for your stand.

Site map

During the build-up and the dismantling:

Vehicles entry : Door T

Sortie des véhicules : Door M
(depending on traffic)

If there is too much traffic, the security team may be forced to temporarily close the entrance to the exhibition site. No vehicles will be allowed inside the building (unless special authorisation is given by the general commissioner).

Access, traffic, parking and removal information.
Tel.: +33(0)1.40.68.16.16

During setup and takedown, only light vehicles loaded with boxes will be allowed to park (for one hour).
All vehicles will be directed to the parking lot.

Vehicles access & deliveries

Access to **parking areas** is free of charge during setup but **vehicles must be registered** on the **LOGIPASS** platform:

<https://logipass.viparis.com>

Please contact the dedicated hotline for any questions about **LOGIPASS**:

contact@e-viparistore.com / [Contact Us](#)

Tel: +33 (0)1 40 68 11 30

Reminder : During the event, it will be necessary to have an exhibitor parking card. [PARKING AND LOGISTICS](#)

Order on: Tel : +33(0)1 40 68 16 16

Daily setup, takedown and delivery times

The LOGIPASS request concerns all vehicle accesses during the assembly and dismantling periods and for daily deliveries around the pavilion.

Parking in delivery areas is only authorised for delivery purposes.

**Trucks and passenger vehicles are not authorised in the pavilion.
Only handling equipment is allowed..**

1 - Creating an account and access request

Exhibitors must each create their own user account to create their access request. Use your account to track requests and print your entry pass.

2 - Request approval

Requests made in designated timeslots for specific activities (installers / exhibitors / delivery persons) and vehicle type are automatically approved. Other requests are subject to manual approval (special authorisations).

Deliveries during the show

Opening hours:

November 3rd from 7:30am to 8:30am, November 4th and 5th from 8.00am to 8:30am

During delivery, parking at the site is limited to 1 hour.

If exceeded, vehicles in violation will be removed without notice, at the expense of their owners

Exhibitors are in charge of their deliveries and must be present on their stand.

The organiser will not be in charge of the delivery of the products.

ADDRESS FOR DELIVERIES

VIPARIS – Paris de Versailles

Salon EXPOPROTECTION – Pavilion 1

Stand number+ Contact+ Phone number

1, place de la Porte de Versailles – 75015 Paris

Access badges

Unidentified persons will not be allowed to access the site.

During setup, the venue is a worksite closed to the public.

Access to the hall during set-up/dismantling and during the opening of the show is subject to the presentation of a name badge and an identity document.

Decorators/drivers

Setup/takedown badges

To gain access to the pavilion during build-up and dismantling, each person must be registered beforehand and have their build-up / dismantling badge and proper ID.
You will need to print it after our approbation.

Maintenance badges : access during the trade show

To gain access to the pavilion during the trade show, each person must be registered beforehand and have their build-up / dismantling badge and proper ID.

Maintenance badges are subject to moderation.

To register, click on the link: <https://solar.rxfrance.fr>

How to do it: [SOLAR user guide](#)

For any questions, please contact: operations.registration@rxglobal.com

Exhibitors

Exhibitor badges

Exhibitor badges are mandatory for exhibitor access during the trade show.
Exhibitor badges are also valid during build-up and dismantling periods.

To register, you need to go to your online Exhibitor Portal.

To print your exhibitor badges, make sure you have paid for all your services with your billing manager.
For any questions, please contact customer service: [helpdesk Form \(expoprotection.com\)](#)

Presence of minors

We remind you that minors (except declared young workers) are prohibited on build-up and dismantling of the show.

C.

Practical information

Stand security

Stand security

The organiser is responsible for general security during the trade show. This is an obligation of means and not of results. We recommend that you have security for your stand, especially at night.

We remind you that there is a high risk of theft during setup and takedown.

Please keep a close eye on your personal effects.

Durant ces périodes, la surveillance des stands n'est pas prise en charge par l'organisateur.

See Private Stand Security order form in your online Exhibitor Space.

Accidents and theft

Any accidents must be declared in writing to the organiser and, under penalty of losing the right to insurance, must be declared to their insurance company using the standard forms available to the exhibitor. This claim must be made within twenty-four hours in the event of theft or within five days in other cases, indicating the circumstances of the accident and the approximate amount of the losses. Any theft must be reported by the exhibitor to the police authorities in the jurisdiction of the trade show. The original of the complaint must be attached to the claim form.

Within 24 hours

Report the theft to the local police:

Commissariat de Police

250, rue de Vaugirard – 75015 PARIS – Tel : +33(0)1 53 68 81 00

Within 48 hours

Give a copy of the police report to the Exhibitor service desk or after the exhibition, post it to:

RX France - Salon EXPOPROTECTION 26

52-54 Quai de Dion Bouton

92800 PUTEAUX

Practical information

During the build-up

Empty packaging – material disposal

Exhibitors or their decorators must quickly remove empty packaging and store it outside the pavilions.

There is no storage space in the pavilion.

Storage company Clasquin is selected as the official and exclusive supplier to work at the show. You'll find their order forms in your Exhibitor Portal.

Handling

Handling company (**Clasquin**) is selected to work and handle your parcels at the show. You'll find their order forms in your Exhibitor Portal.

Customs

It is the responsibility of each exhibitor to complete the customs formalities for materials and products coming from abroad. The organiser cannot be held responsible for any difficulties that may arise during these formalities.

Practical information

During the opening

Sound animations and illuminated signs

Animations (sounds, videos, mascots, etc.) must be declared to the organiser for approval. The maximum noise level is set at 70 decibels, measured at 1 meter from the stand. The organiser reserves the right to lower this threshold if the noise emission causes a significant disturbance to surrounding stands.

Exhibitors are solely responsible for adhering to intellectual property rights related to music. Therefore, exhibitors must obtain a licence for the music they plan to use at their stand from SACEM and ensure payment is made before the show.

<https://clients.sacem.fr/autorisations/manifestation-avec-de-la-musique-en-fond-sonore>

The exhibitor must hold the organiser harmless against any recourse and/or any third-party claims due to non-fulfilment of its obligations.

All forms of attractions/events and sales activities are strictly prohibited outside the stand unless the exhibitor has reserved this type of visibility with the organiser.

All light and sound advertising must be submitted to the organiser for approval, who may revoke the authorisation granted in the event of a disturbance to neighbouring exhibitors, the flow of visitor traffic or the trade show.

Rotating and similar lights are not permitted.

Illuminated signs or signage are permitted.

Under no circumstances may they have strobe or flashing lights.

Practical information

During the opening

Distribution of advertising

Distributing advertising documents and goodies outside your stand is strictly prohibited. Handing flyers out in aisles is not allowed.

Car park

Car park at the exhibition center will be charged during the opening of the exhibition. VIPARIS proposes for the exhibitors, parking places for the all duration of the event. This parking pass allow you to access unlimited time in and out for your vehicle. To order, go directly to: [PARKING AND LOGISTICS](#)

Caterers

Each exhibitor presenting samples and other food products at the exhibition agrees to adhere to and follow good hygiene practice guidelines.

Please familiarise yourself with these regulations : [RX_catering_regulations.pdf](#)

Exhibitors may use either the caterers at the site (Horeto) or caterers approved by the VIPARIS administration. All caterers are authorized to provide services in the exhibition center, provided they register with VIPARIS before providing the service and sign a one-off-fee based contract.

Contact: Myriam MOTTIN - Tel: +33 (0)1 40 68 14 46 / myriam.mottin@viparis.com

Without this authorization, access to the exhibition center will be denied.

=> Adopt sustainable food service practices

Prevent food waste by ordering the right amount.

Choose organic, local and seasonal products.

Eliminate plastic by using reusable or recyclable tableware and by bringing your own water bottle.

Select a caterer that has a CSR policy and kitchens near the reception venue.

Practical information

During the dismantling

We recommend that you pass on this information to your transport companies, carriers and decorators.

Turnkey stands and additional fittings

The storage spaces of these stands and rental furniture must be emptied of all their contents on the evening when the trade show closes, by **5.00pm** at the latest, so that the installation crews can take down the stand.

Bare stands – Cleaning

Exhibitors and their service providers must follow the schedule established by the organiser. **Stand dismantling will begin on Thursday, November 5th from 6.00 pm to midnight and will end on Friday, November 6th from 7.00 am to 9.00 pm.**

The non-respect of this schedule will lead to:

- the dismantling of the booth, with costs at the charge of the exhibitor,
- the payment of a compensation for overstaying in proportion of the space (price per sqm),
- the payment of damages to the renter of the space.

The exhibitor is bound to pay every costs caused by his default, his decorator/installer's default or by every physical or legal person under his responsibility.

Please remove any advertising, multimedia, valuable products, or any other items you want to recover from your stand as soon as you start dismantling it.

You must return your stand to its original condition. All rubbish (carpet, demolition rubble, adhesives, etc.) must be removed by November 6th at 9.00 pm. We will dispose of goods and materials that are not removed in time and will invoice the exhibitor for this at a later date.

Exhibitors must dispose of their own rubbish and may not use the organiser's dumpster under any circumstances.

For waste removal, we advise you to contact the company **MILLENIUM** in charge of cleaning the hall. See Cleaning Service in your online Exhibitor Portal.

Formalities for foreign workers

Reminders of the rules

Article L 341-6 of the French Labour Code:

"No one may, directly or through an intermediary, hire, keep in their service, or employ for any period whatsoever, a foreigner who does not hold a permit authorising them to work in France." (translated from the French)

NOTE: if you use foreign decorators or stand designers to work on your stand, they must ensure that all foreign workers working on French soil are declared via the **SIPSI portal**: www.sipsi.travail.gouv.fr

Use of the **SIPSI TeleService** became **mandatory** on 1 October 2016. It is the only method authorised for submitting the preliminary declaration concerning the posting of foreign service providers.

As an exhibitor at the trade show and as a service client, you are responsible for ensuring that this is complied with. You must be given a copy of **the declaration of the posting**.

If these formalities are not complied with, the labour inspectorate may suspend your on-site work or even cancel your participation in the trade show.

For more information on this subject, please visit the SIPSI website: [Sipsi \(travail.gouv.fr\)](http://Sipsi(travail.gouv.fr)), or : [Professional immigration: recruitment of foreign workers - Direccte Ile-de-France](#)

In accordance with French legislation, any contractor working on the site must keep regulatory employee registers available to the Labour Inspectorate, as well as the duplicates of work permits for foreign workers. Companies using temporary staff must ensure that:

- the person is fit to perform the work for which they were hired
- the fit to work certificate for the occupation in question has been issued
- the person concerned is legally entitled to work (work permit, residence permit)
- the staff has undergone safety training

Any employer established outside of France who plans to provide a service in France must submit a PRELIMINARY DECLARATION CONCERNING THE POSTING of employees to the labour inspectorate of the place where the service is to be provided before starting work in France.

Safety rules for people working on site

During setup and takedown, access to the exhibition and event spaces is regulated. You must follow the instructions given to you by the organisers and anyone in charge of access and security.

- PPE (Personal Protective Equipment) must be worn throughout the trade show setup and takedown periods. Please bring safety shoes.
- The emergency exits must remain clear and accessible.
- Fire hose reels (RIA) must remain accessible at all times.

Ladders, stepladders and step stools must not be used as a workstation.

The use of aerial work platforms is subject to regulations in force. The use and operating conditions for aerial work platforms must be posted on the platforms. The driver and spotter **must wear a helmet**. The driver must have a **CACES license or any equivalent** permit: driving permit issued by the employer after verification of medical fitness (annual certificate) and practical training test. The driver must be at least 18 years of age. 18

D. Responsible exhibitor

Let's work together
towards a sustainable
Trade Show

Use low-carbon transportation

Whenever possible, use low-carbon transport (train, river and sea transport, bicycles, electric trucks, etc.)

Pool deliveries with other participants at the event.

The trade show's official service provider, **CLASQUIN**, organise grouped transport.

Reduce packaging

Avoid extra packaging as much as possible.

Try to use materials that can be recycled or even better, reused.

Think ecodesign

Try to use reusable and recyclable materials, as well as LED lighting.

We offer custom-made eco-designed stands.

We use "recyclable" and "reusable" pictograms on our order forms for easy comprehension.

Use responsible advertising

We recommend that you avoid flyers and goodies, replacing them with a nice experience at your stand. If you still want to use them, try to adapt the print run to your needs, use environmentally friendly materials, and ethical and or zero waste goodies.

BUILD UP/ DISMANTLING

Responsible exhibitor: Best practices

Upcycle your waste (stand structures, heavy materials, carpets, etc.)

We organize the reuse of your materials by our eco-responsible channels. Let us know as soon as you set up if you identify materials or stands that can be recycled! set-up if you identify any materials! [please contact us](#)

REUSE PROCESS

1. I have materials from my stand that can be reused (in good condition)
2. Upstream, I fill in the [FORM TO SUBMIT](#) and I contact **RE'UP**
3. When dismantling, I dismantle my materials **cleanly, put them on strapped pallets**
4. I **validate my pallets with RE'UP** and I deposit them at the massification point.
5. **RE'UP** recovers recyclable materials free of charge* and donates them to its solidarity sectors

BUILD UP/ DISMANTLING

Responsible exhibitor: Best practices

I organise the removal of my wastes

I have LESS than 1m³ of waste on my booth

Please identify 4 waste categories whose be sorted and place them in front of your stand:

- Packaging
- Paper
- Magazines

- Wood

- Scrap metal

- PE Plastic- Film
Clear plastic

- Other waste
(excluding hazardous waste and waste electrical / electronic equipment)

I have MORE than 1m³ of waste on my booth

I order the disposal of my waste with the service provider **MILLENIUM**.

They will be used in treatment centres

**TO ORDER
DISPOSAL OF MY WASTE**

Online before the start of the build-up

EXHIBITION

Responsible exhibitor: Best practices

Waste sorting

Thank you for dropping each evening in front of your stand, the diverse waste separated, thus the glass which we will also retrieve. You will be also able to drop directly your waste in the sorting boxes placed in the hall entrance and in the organization areas.

Reuse, sorting follow-up

Architectural technical regulations

If you are using a stand designer, please send them this document so that they can take these regulations into account when designing your stand.

1 – For all exhibitors (turnkey stands, bare stands, My Stand Maker):
Please consult the online Safety forms on your Exhibitor area.

2 – For space-only stands

a) TECHNICAL FLOORPLAN

If you have technical restrictions on your location, please contact our exhibitor technical department before starting your stand design to receive your technical floorplan (Fire Hose Reel, connection channel, pillars, construction headroom...)

Contact : caroline.mezard@rxglobal.com

b) COMPLIANCE WITH ARCHITECTURAL REGULATIONS → before September, 25th 2026

Once your project is complete, send two dimensioned drawings showing the floor plan and elevation to: **ASTECH** pascal.redon@astech-prod.com - Tél : +33 (0)6 83 25 95 12

Our service provider will check compliance with architectural regulations.

c) TECHNICAL SERVICE ORDER / FEASIBILITY

Order your slings, fluids... to VIPARIS: [Manifestation home](#)

To finalize your order, a technical drawing will be requested.

This drawing is necessary not only to install your order, but also to study the feasibility of your project (especially for slinging).

The order will not be validated until the feasibility has been confirmed by VIPARIS.

E. Architectural technical regulations

d) NEW: CONTROL OFFICE – MANDATORY VERIFICATIONS FOR TEMPORARY AND DISMOUNTABLE STRUCTURES

All light bridge whose highest point is equal to or greater than 3.50 meters and less than 6.20 meters, including rigging :

You will need to be able to provide our **AFS** security officer:

- Certification of proper assembly from the builder (to be dated and signed after assembly)
- Assessment of the file or standard model by a control office or accredited organization (to be completed before assembly begins) *
- Inspection of the assembly by a **Control Office** or **Competent Technician**** (to be completed on site).

* Find possible cases (please see page 40/41)

** Find the contact details of the inspection offices on page 49

e) FINAL APPROVAL

Your project will only be validated upon receipt of the ASTECH validation and confirmation of the project feasibility by VIPARIS.

E. Architectural technical regulations

By signing your application form, you have undertaken to comply with and to ensure that all decorators, installers or contractors comply with all the clauses of the general regulations, including the time allotted for setup and takedown.

The trade show organiser reserves the right to have the general installer modify or dismantle (at the exhibitor's expense) any installations that do not comply with the architectural regulations and which are likely to disturb neighbouring exhibitors or the public.

The technical team will check all the installations of the stands and may reject those that do not conform to the approved design.

Furthermore, the organiser reserves the right to have a certified inspection body issue a report certifying the stability of the stand structures at the exhibitor's expense.

Hanging elements/slings:

Elements to be hung from the pavilion's rafters must be installed by the Parc des Expositions technical teams. Requests must be made to the park's exhibitor service:

VIPARIS

[Manifestation home](#)

contact@e-viparistore.com / [Contact Us](#)

Tel:+33(0)1 40 68 16 16

In all cases, hanging elements must comply with the architectural rules.

Your hanging structures (or strung elements) must be inspected by a certified company in order to obtain a stability report. Exhibitors must provide a certificate of compliance (you can contact companies at your best convenience)

This document will be required by the head of security before the show opening.

Discover 360

Discover Paris Porte de Versailles – pavilion 1:

[Paris Expo Porte de Versailles](#)

E. Architectural technical regulations

Stand constructions must take into account the following heights* (from the ground) and clearances:

	Maximum high	Clearance	Rules
Construction <i>(Stand structures and decoration items)</i>	5.00m	1.00m	Clearance from the edges of the neighbour stand only, for constructions between 3.50m to 5.00m
Partitions/Shared partitions walls	2.40m min 3.50m max	/	The partitions facing neighboring stands must be smooth, plain, painted white or covered with white or grey wall fabric, without any type of signs, electric cables or wooden braces for assembling partitions.
Signs	5.00m	1.00m	Clearance from the edges of the neighbour stand only. Caution: a minimum distance of 1m must be observed between the top of the partitions / structures and the bottom of the suspended signage in order to have a maximum of visibility (no derogation available) Important: hung signage on the ceiling can only be installed by the VIPARIS Technical Services. Please, order to Slings
Hanging sign structures	5.00m	1.00m	Open superstructure that can include the exhibitor's label or illuminated logo. Sign structures must be slung or only be attached to the structure by a light frame. Clearance from the edges of the neighbour stand only.
Lighting fixtures or truss lighting	5.30m <i>(according to feasibility of the hall)</i>	1.00m	Independent lighting fixtures hung above the stand structures are authorised. Clearance from the edges of the neighbour stand only.
Multi-level stands (Additional cost, please contact your sales manager)	5.00m	2.00m	Clearance from the edges of the neighbour stand only. Stands located on either side of the 6.00m safety aisles must respect a setback of 2.50m inside the stand. (Please contact our Security Manager eps26@afsconseils.fr)
Vehicle / exposed material	5.00m <i>(if beyond, please contact us)</i>	1.50m from the aisle and 1m from neighbour partitions	Please contact us for the arrival and the positioning on the booth

*Please ask your technical contact for the height restrictions specific to your spot. .

Architectural technical regulations

Stand boundaries

No decorations, furnishings, signs or lighting may protrude from the boundaries of your stand.

Clear aisles

Exhibitors must leave **the aisles clear** of all pipes, cables/wires or decorative elements, both on the ground and overhead. However, pipes and cables meeting the requirements of the organiser, or the safety teams will be allowed to cross the stands if necessary.

Stand openings

Each side of a stand facing an aisle must have **a minimum 50% opening**. Any decoration or installation must be designed in order to allow easy access to the stand, avoid disturbing neighbouring stands and to allow proper visibility through the stands.

The following may be considered as openings:

- Any decoration or furniture not exceeding 1.10m high, (ex: low partitions, plant, reception desk...)
- Any mobile element, over its entire height, allowing physical access to the stand

Caution : Glazed partitions, windows/glazed doors or claustras will be not considerate as opening.

Equipment in operation

Exhibitors wanting to present equipment in operation, must return the "Equipment in operation" form to the safety officer.

Damage

Exhibitors are responsible for any damage to the building's structures during the transport, installation or removal of their equipment made by themselves and/or companies working on their behalf.

Partitions/walls, floors, and pillars may not be drilled into, sealed, chased, cut or painted.

Architectural technical regulations

Reused stands

Reused stands are subject to the trade show's Architectural Regulations, just like newly built stands must be submitted and be approved to **ASTECH** pascal.redon@astech-prod.com

Stands over 200sqm

Please contact the trade show's technical and security advisor.

Multi-level stands

Upper floor are authorized but you have to inform before the sales manager.

Multi-levels stands must respect a 2.00m clearance from neighboring stands. Those located on either side of the 6.00m safety aisles must respect a setback of 2.50m inside the stand so that the multi-levels stands are 11.00m apart.

All multi-levels stands must have a stability certificate issued by an approved and competent organization when they are examined by the prefectural safety commission. For any high-rise construction, please contact our safety manager: Cabinet AFS for approval : eps26@afsconseils.fr

Awnings

If you wish to install an awning, you will first need to have the amount of coverage approved by our safety officer: eps26@afsconseils.fr

Flooring

The stands equipped by RX France include carpet. If you have a decorator offering this service, he will have to remove it during the dismantling. Exhibitors will be charged for any damage they cause to the existing floor. They are responsible for taking all necessary precautions (plastic, plywood, etc.) to protect the floor from risks, especially painting.

Cladding on posts

Exhibitors may use any part of the cladding to hang signs or decorative elements. At the end of the trade show, exhibitors must remove any elements attached with staples and ensure that all staples have been removed from the cladding. Poles must not be drilled into or damaged. In the event of non-compliance, the exhibitor will be charged for repairs.

Architectural technical regulations

Attractions/events, sound systems and illuminated signs

All forms of attractions/events and sales activities are strictly prohibited outside the stand unless the exhibitor has reserved this type of visibility with the organiser.

All light and sound advertising must be submitted to the organiser for approval, who may revoke the authorisation granted in the event of a disturbance to neighbouring exhibitors, the flow of visitor traffic or the trade show. Rotating and similar lights are not permitted. Illuminated signs or signage are permitted. Under no circumstances may they have strobe or flashing lights.

Attractions/events must be declared to the organiser. The noise level coming from the stand must not exceed 70dB at the stand boundary. The organizers reserve the right to determine the acceptable sound level in the event of complaints from other exhibitors.

Tethered balloons

Balloons inflated with a gas lighter than air and used as a sign must respect the authorised heights and clearances. **The balloon must be settled into the stand boundaries and must be set at least at 0.50m back from the aisles and 1.00 back from the edges of the neighbour stand.**

Authorised gas: air and helium. Once the balloon is inflated with helium, no helium storage bottles (empty or full) will be authorised in the pavilion. It is also forbidden to put pressure during the presence of the public in the pavilion.

If the balloon is lit, the envelope must have a C reaction to fire.

The length of their attachments must not change and follow the same clearances as hanging elements. Failure to comply with this obligation will authorise the organiser to remove them.

Vehicle

The vehicles set up on the booth must have their tank emptied of their fuel, the battery inaccessible to the public and a means of extinguishing adapted to the vehicle.

For more information, please contact our security officer: eps26@afsconseils.fr

Architectural technical regulations

Wheelchair accessibility

All stands equipped with a technical floor higher than 2 cm which the public may have to climb must have a wheelchair ramp. It must be 0.90 m wide and have a slope of between 2% and 5%. The ramp must be integrated into the stand and not extend into the aisles.

Smoke ventilation control systems and fire fighting systems

Smoke extraction controls and fire extinguishers are mounted on the side panelling or on pillars and are indicated on the plans. They must be visible and accessible from 1m all around. The intercoms must remain accessible anytime. Signs indicating fire control apparatus must be visible anytime..

The Fire Hose Reel

The fire hose reel must remain visible and accessible, and therefore must not be blocked by any casing, doors, curtains or decorative elements.

However, a floating curtain of neutral colour will be tolerated in front of the device. A sign will be placed above the curtain (red plate, RIA in white lettering or pictogram, 40 cm x 15 cm). It must be fully accessible, with a 1 m wide path (at least) from the nearest aisle.

Fire safety inspection

All installations must comply with the regulations issued by the Préfecture de Police. The General Commissioner will inspect all stand installations and may reject those that do not conform to trade show regulations. Due to the Fire Safety Inspection, stand setup must be completed the day before the opening.

Architectural technical regulations

Special feature of pavilion 1 : ceiling air conditioning duct

(Pink hatching on the right)

Please check with your commercial contact for height restrictions specific to your location

Stands located under the technical ducts of pavilion 1 must be accompanied by the VIPARIS exhibitors service to validate the feasibility of their projects for **hanging at height** and **hanging signs on halyards**.

2. Forms that need to be returned

A. Fire safety regulations

Please carefully read the **Prevention rules for fire safety, mass panic and accessibility for disabled persons** which you will find in full in your online Exhibitor Space.

Please note: there is a form you will need to read in your online **Exhibitor Space**. The **Equipment in Operation** document (pages 38/39) must be completed based on the equipment displayed at your stand.

For any questions relating to fire safety and equipment in operation, please contact : **AFS Conseils & Sécurité** - Tél : +33 (0)6 70 61 95 11 - eps26@afsconseils.fr

B. Exhibitor health & safety instructions

Please read carefully the **Exhibitor Health & Safety Instructions** which you will find in full in your exhibitor area.

For Start up / Essential / Easy / Identity / Business stands and My Stand Maker bare stands, tick the **box A** "my stand is built by the Organiser"

The form should be sent by email to: sps@d-o-t.fr before **September 18th, 2026**

☐ **A** - If your stand is built by the Organiser or by yourself or by a single company without subcontractors:

THEN YOU MUST:

Return this certificate to D.Ö.T with a visual representation of your stand and forward the information in this **Exhibitor Health & Safety Instructions to the service provider** (appointed by you) who will be working on your stand during the assembly and dismantling periods. The service provider must send us the information requested in the CERTIFICATE (on page 2 of this document).

For bare stands:

Fill in the requested information and return the form with a view of your stand.

The form should be sent by e-mail to: sps@d-o-t.fr

C. Additional coverage (optional)

Reminder of the general exhibition regulations

Article 10.3 – Exhibitor's comprehensive Insurance

Exhibitors must be insured via the organiser against risks to the items presented. This comprehensive insurance covers casual loss or damage to goods belonging to an exhibitor or goods under his or her responsibility.

The coverage shall take effect from the moment said items are deposited at the exhibition space of the exhibitor. The coverage shall be terminated from the moment said items leave the exhibition space at the end of the event.

The following are covered, within the coverage limit of €15,000:

- Items exhibited, display equipment, furniture, and all other goods intended for inclusion within the exhibition space;
- Hired or borrowed property, including the exhibition space or the exhibition module supplied by the exhibition organisers;
- Audiovisual material and plasma/LCD screens. During the hours when the public and/or exhibitors are closed, audiovisual equipment used for advertising purposes (such as VCRs, cameras, camcorders, microportables) must be stored in a locked unit and/or a specific room.

The exhibitor has the possibility, by contacting the Organiser, to take out an optional additional guarantee of up to €1,000,000..

The application form for this additional optional coverage is available at the following link:
[APPLICATION FORM](#)

Please complete the form and return it by e-mail before October, 15th 2026 to:
helpdesk.expoprotection@rxglobal.com

D. Form to be returned to AFS Conseils

Declaration of equipment in operation 2/2

1. Specific risks

Electrical power source over 100 kW:

Power :

Flammable liquids:

Type:

Quantity:

Method of use:

Please note : The organiser will notify the exhibitor of Administration decisions concerning requests for authorisation.

Important

Equipment displayed in operation must either have fixed and well adapted screens or covers that keep any dangerous parts out of reach of the public or be arranged so that the dangerous parts are kept out of reach of the public, and at a distance of at least one meter from the aisles.

Demonstrations are carried out under the sole responsibility of the exhibitor.

2. Risks requiring a special authorisation or declaration

Thermal or combustion engine:

Smoke generator:

Liquefied gases (acetylene, oxygen, hydrogen or gases presenting the same risks):

Type:.....

Quantity:

Radioactive Source:.....

X -Ray:

Laser :

Company stamp:

Signature :

E. Temporary and dismountable structure 1/2

*(in application of the Order of 25
July 2022 amended and the
specifications of venue)*

MANDATORY VERIFICATIONS FOR TEMPORARY AND DISMOUNTABLE STRUCTURES

Structure examples:

Totem

Self-supporting
arch

Suspended light
bridge with sign

POSSIBLE CASE FOR APPROACHES (Case n°1)

You have ordered your structure
through VIPARIS and/or your stand is built by the organizer
AND
you do not hang
anything under this structure

**You don't have to do anything:
all regulatory audits are managed by
VIPARIS and/or the organizer**

E. Temporary and dismountable structure 2/2

(in application of the Order of 25 July 2022 amended and the specifications of venue)

MANDATORY VERIFICATIONS FOR TEMPORARY AND DISMOUNTABLE STRUCTURES

POSSIBLE CASE FOR APPROACHES (Case n°2)

**Your structure has not been ordered from the organizer
(you are building your own structure)**

	OS1 cat. Lower than 3,50m*	OS2 cat. Between 3,5m and 6,2m*	OS3 cat. Height above 6,2m* and/or more than 12 slings and/or more than 1000 kg
You must:			
Mandate a control office or an accredited agency before the start of the assembly to obtain an opinion on file (verification: notes of calculations, plans,...)		✓	✓
Mandate a control office or a competent and <u>trained</u> technician for the verification after installation of your structure		✓	✓ <i>Control office only</i>
Filled a certificate of correct installation of your structure (please find a template on your exhibitor area)	✓	✓	✓

*Height of the highest point

Attention: Please note that a **competent technician** must be referred to and trained by one of the training organizations authorized by the Synpase. **Find contacts of control offices on page 49.**

3. Preparing your stand

A.

Turnkey stands

HOW DOES IT WORK?

1

You have confirmed the location of your stand
A stand number is assigned to you, as well as your login details for your online [Exhibitor Space](#)
The service provider responsible for your stand will contact you

2

Complete the form received from the service provider
Return this document with your layout/design choices (e.g. carpet and wall colours) and any additional orders (additional lighting or signs)

3

If you would like to order other services for your stand, please consult the list of our recommended service providers and on your online [Exhibitor Space](#)

4

Your turnkey stand will be ready the day before the trade show opens.
The technical teams will be available on site for any requests concerning your stand.

SERVICES INCLUDED

- Modular or wood with brushed cotton rental partitions (depending on the type of stand)
- Carpet (choice of colours on the form)
- 1 intermittent current power supply (1KW, 3KW or 4KW depending on the type of stand)
- Lighting adapted to the size of the space
- Signs
- Furniture (except for the Essentiel formula)
- Cleaning (before opening and daily)

Preparing your stand

A. Turnkey stands

Our turnkey stand services are managed by our official partners

Formule Présence (Créatifs by GL Events)

Formule Essentiel (Créatifs by GL Events)

Formule Easy (Créatifs by GL Events)

Business formula (Standing)

Identity formulas (Links Event)

Villages /Start up formulas (Créatifs by GL Events)

The power supply is not permanent (interruption at night)

1KW : Présence 4 & 6sqm

3KW : Essentiel, Easy & Presence from 9sqm

4KW : Identity et Business

B. Space-only stands

The floor area
is marked out
on the ground

Partitions and carpeting
are not provided

SEVERAL OPTIONS

Option 1: Contact My Stand Maker

Our stand designers are at your disposal to help you create a customised stand that reflects your brand. Find out more about this solution on the following page.

Option 2: You have your own stand designer / decorator

Declare your service provider in your online Exhibitor Space.

Your stand design must comply with the architectural rules as well as fire safety regulations.

Option 3: Design your stand using catalogue of additional options

Find all the services in the catalogue of additional options available in your online Exhibitor Space and proposed by our supplier **CREATIFS by GL EVENTS**.

IMPORTANT

- You must have your stand design approved by our service provider **ASTECH** pascal.redon@astech-prod.com - Tél : +33 (0)6 83 25 95 12
- Please return mandatory forms to RX France and our service providers (you can find them in your Exhibitor Space).
- On site, the safety officer will check the conformity of stands during setup. In the event of non-compliant layouts, furniture or materials, the exhibitor and their decorator will be required to make any necessary changes at their own expense in order to pass the Fire Safety Inspection on the opening day of the trade show.

Remember to reserve on [Manifestation home](#)

- Your electrical power supply
- Your fluids (air, water) and slings if necessary
- Your internet and phone lines
- Your parking places
